

Maine Standards' YES Program is the best way to meet your Calibration Verification and AMR requirements!

How YES Works

The Maine Standards' YES Program creates a Hassle-Free Automatic Testing Schedule. Your calibration and AMR verification materials are shipped according to your schedule and your test menu. Reminders are emailed twice a year to alert you when testing is due. You can leave it to us to automatically customize, schedule, and ship your products.

Yearly Evaluation Subscription

QUICK DATA TURNAROUND

Quick turnaround of data reduction means you will quickly be able to identify any possible testing issues—eliminating weeks of potentially inaccurate patient results.

TECHNICAL SUPPORT

Guaranteed, same-day technical support responses within normal business hours.

READY-TO-USE LINEARITY SETS

Liquid samples require no reconstitution. Simply add product to your sample cup and run in replicates.

MULTIPLE PRODUCT CONFIGURATIONS

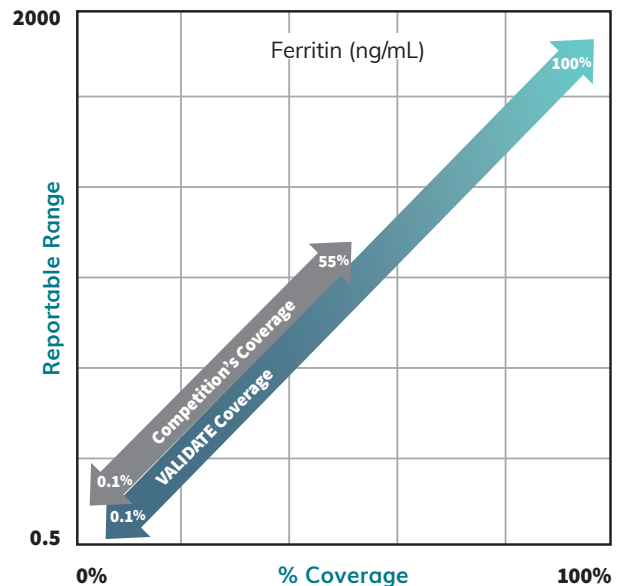

Maine Standards specifically formulates its VALIDATE® product line into specialized configurations with different analyte concentrations that challenge your analyzer's full reportable range.

100% SATISFACTION GUARANTEED

SUPERIOR RANGE COVERAGE

with instrument specific configurations
